

PENN. STATE COLLEGE

SEEKING ENDOWMENT

Dr. John M. Thomas, president of the Pennsylvania State College, last night spoke to the Pennsylvania State Society at the Willard Hotel, including many members of the visit.

ing D. A. R. on the urgent need of a larger institution of learning where young men and young women may receive all the benefits of a higher education. Dr. Thomas deplored the facilities of the State College are entirely too limited to accommodate all those who wish to enroll and acquire an education. Dr. Thomas urged that an endowment fund of \$2,000,000 be created, the income from which is to be used in offering the much needed educational opportunities. Congressman M. Clyde Kelly of Pennsylvania opened the meeting by introducing Hugo Bezdek, athletic instructor of the State College. The Penn. State Quartet provided entertainment.

FEAT OF BLIND CHESS
PLAYER IS REMARKABLE

PARIS, April 21.—Leading French psychologists are expressing great interest in the memory feat of Alekhine, the Russian chess player, whose success in playing simultaneously twelve games of "blind" chess is the talk of Paris. With his back turned to the boards, for more than four hours Alekhine sat directing his assistants how to move the chess men against his antagonists. The exact positions of all the chess men of all the opponents was carried in his mind with never a slip. He won eleven and secured a draw on the twelfth game.

EAST RADIO CONCERTS
HEARD ON PACIFIC

SAN FRANCISCO, April 21.—Radiophone concerts from Newark, N. J., and Schenectady, N. Y., yesterday were reported to have been heard in San Francisco homes last night through a repeating device at the Rock Ridge radio station in Oakland. The Oakland station established connection with the two Eastern points two weeks ago. Henry M. Shaw, in charge of the station, said that last night he "manipulated" the sounds that had traveled about 3,000 miles so that they were picked up in the home sets here.

CLAIMS 'GHOST'
IN N. J. HOUSE
IS UNPAID RENT

Landlord Scoffs at Story of Mysterious Rappings and Shufflings.

TRENTON, N. J., April 21.—The wireless ghost of Antigone has been outspaced at Broad Street Park, a suburb of Trenton. Mr. and Mrs. Albert Williams have left their apartment in this suburb.

Mr. and Mrs. Williams moved out yesterday, attributing their going to the presence of a ghost. Mrs. Henrietta Episcopo, owner of the apartment, denies the place is haunted and declares that the ghost story is merely a game of the Williams to evade payment of three months' rent.

Last week Mrs. Williams startled the neighborhood at midnight with cries for help. Friends responded and heard rappings, shufflings, tapplings, scrapings, and other spectral noises.

Trenton's official dog catcher, Christian Stubenazy, responded to Mrs. Williams' call for help and he insists that the ghost was a black cat walking on the roof and jumping through a broken glass to get into a room and to sleep upon a couch it was accustomed to occupy.

The black cat solution was generally accepted as the explanation for the ghost until today, when Mrs. Episcopo raised the overdue rent. A brother of Mrs. Williams insists there is a ghost in the apartment. While he waited for it with a gun he was slapped over the face three times, he declares.
